

Step right up! Harley's taken her act to the funfair, and she's bringing the big prizes with her. Harley SurPrize is a 3×3, 5-line slot where every spin could be a game-changer - and Harley herself is front and centre throughout, keeping the energy wild from the very first reel.

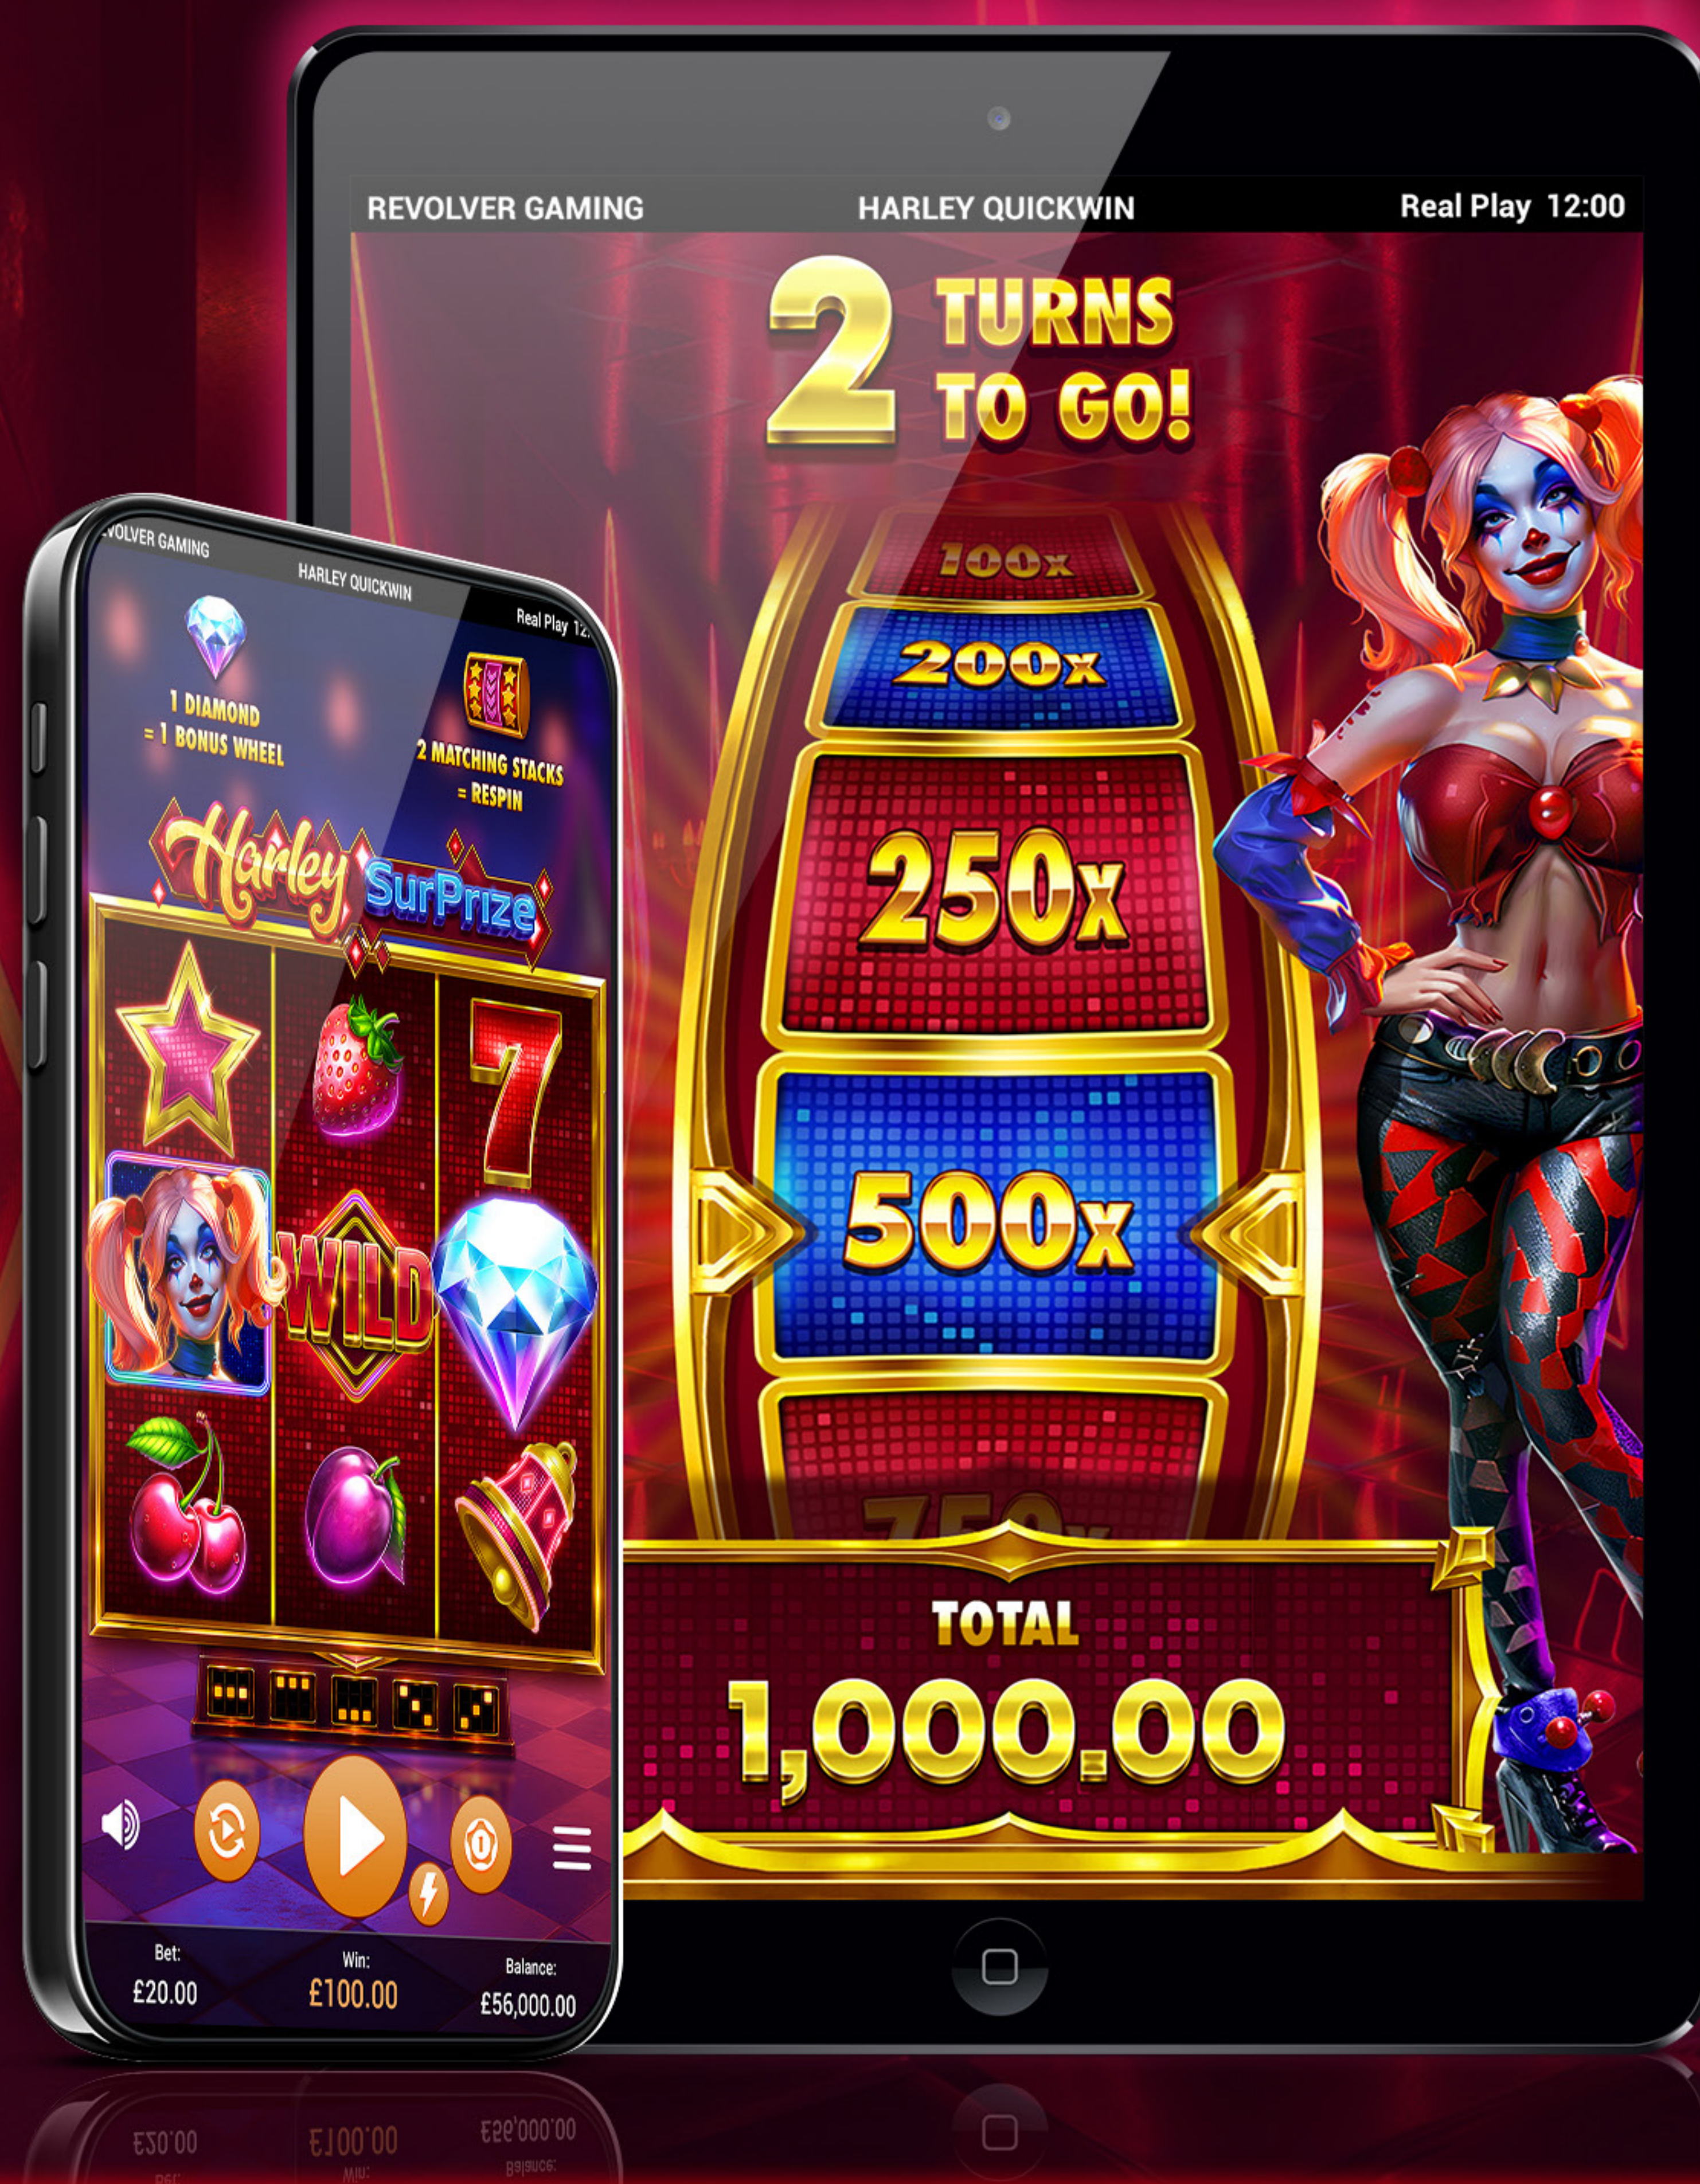

Every game deals out random stacked symbols, and if two reels match up with no win, the third reel respins for another shot at glory. But the real headline act is the Bonus Wheel. Land diamonds - up to nine of them - and each one earns you a spin, with multipliers reaching as high as 1,000x your bet per turn.

Fruit symbols, golden Stars, Bells, and the iconic red 7 fill the reels, with Harley's own symbol sitting at the very top of the payable. It's fast, it's flashy, and it's full of surprises - just the way Harley likes it.

The funfair's in town. Are you ready to spin?
